A Grand Feature

Of Hood's Sarsaparilla is that while it purifies the blood and sends it coursing through the veins full of richness and health, it also imparts new life and vigor to every function of the body. Hence the expression so often heard: "Hood's Sarsaparilla made a new person of me." It overcomes that tired feeling so common now.

Hood's PILLS are purely vegetable, perfectly harmless, always reliable and beneficial.

The Glow Night Lamp!

It is an established fact that there has never been a night lamp on the market that was odorless, and most of the night lamps that are sold to-day absolutely poison the air in a close room. In placing the Glow Lamp upon the market we claim to have the night lamp that positively emits no odor when in operation, and is the only night lamp that should ever be used when it is necessary to burn a light all night, as for instance in the nursery or sick-room. It is a miniature gas-house, gasometer or gas-burner combined, automatically making and consuming its own gas which, in the ordinary night lamp, escaped without being consumed, filling the room with a poisonous vapor, which, to put it mildly, is extremely injurious.

The Glow Lamp is constructed on scientific principles, and is without question the simplest, cleanest, neatest, and cheapest night lamp in the market; and combined with its hygienic qualities, should command itself to popular favor at once. One pint of kerosene, at a cost of about one cent, will give a pure, healthy, clean light for two hundred or more hours; i. e., twenty ten-hour nights.

It will give the greatest satisfaction in the sick-room, nursery, bed-room, dark corners of closets, and is ornamental as well as useful.

SPEAKING OF
SEWING MACHINES
REMINDS US

To remind you that we have a Sewing Machine in which we place so much confidence that we will send it to you on trial free for a week and if not satisfactory you may return it at our expense.

We make this offer because we know our goods. Our Machine costs a trifle more wholesale and sells for a trifle more retail than any other Machine in the world, but it is worth it. Listen: It makes five stitches to the revolution while others make but three and one-half. In other words you do what is three days' work on the old style in two days with the "Standard". If you are tired or busy that is worth while. Paste this in your bonnet.
The "Standard" has both chain and lock stitch.
The "Standard" gives a written guarantee for five years. It does every thing that can be done on a Sewing Machine, what more do you want?
Sold on the installment plan at Eastern prices, \$10 discount for cash. For rent by week or month.
